

August 15, 2011

Dear Parents/Guardians,

We'd like to take this opportunity to welcome you and your children to pre-kindergarten. This year will be an exciting and busy one! We are looking forward to working with you and your children in a child-centered, safe, and fun-filled environment. The students will be encouraged to learn and grow through play and various activities which will help them develop cognitively, emotionally, socially, and spiritually.

On the attached sheet is a list of supplies we'd appreciate each child bringing in during the first week of school. Thank you for your cooperation. Once again we are looking forward to the time we'll be sharing with your children.

Sincerely,

The Pre-K Team
